# One to One Device Scheme

Equipping every student for success in the creative industries.

### **WE WANT ALL STUDENTS TO:**

Enhance their learning through interactive and accessible content

Develop independence and careerready digital skills

Access learning equally

Strengthen digital, creative and entrepreneurial confidence

## WHAT IS THE SCHEME?

From September 2025, all Year 10 students will join our 1:1 device scheme. Each student will purchase, through a monthly scheme, their own Lenovo 300e Gen 4 Chromebook (Flip & Touch, 8GB/64GB) with a stylus and neoprene case – a versatile device designed for creative, collaborative, and independent learning.

This initiative ensures that every student has access to the digital tools essential for both their studies and future careers.

# WHAT'S INCLUDED?

Lenovo 300e Gen 4 Chromebook:

- 11.6" Flip & Touch Display
- 8GB RAM / 64GB Storage
- Rugged and Versatile Shell with Gorilla Glass Screen
- Stylus and Neoprene Case included

These devices are pre-configured to work seamlessly with our classroom applications. Strand areas will continue to provide the **specialist creative technologies** within their learning environments, ensuring students still access high-spec equipment relevant to their chosen art area.

# WHAT TO DO

 $\bigcirc 1$ 

Join our Information Webinars in May and June 02

Order your device (deadline mid-July) 03.

Collect your device (first week of Autumn term) 04

Continue payments until June 2027

# **USEFUL INFORMATION**

- Devices must be purchased through our partner Freedom Tech, who manage payments, insurance and technical support.
- Payment options include one-off or monthly installments over 24 months.
- Subsidies are available for eligible households.
- Students must adhere to our Device & IT Policy at all times.

# POWERED BY INDUSTRY TOOLS

We are a **Google** School: each student will have access to Google Workspace for Education Plus and an **Adobe Creative Cloud** license to support creative learning.

- Google Workspace for Education Plus
- Adobe Creative Cloud

#### Do we have to buy the recommended device?

 Yes, the scheme requires students to have the specified Chromebook to ensure compatibility with school systems and support equity of access to learning across all KS4 subjects.

#### Who would I contact for payment issues?

• Subsidies are available for eligible households. Please refer to Freedom Tech FAQs here: https://freedomtech.co.uk/t4l-parent-faqs/

#### Can my child use a different cloud storage service instead of Google Drive?

• We ask students to use their school-provided Google Drive to ensure safe, consistent access and seamless collaboration with teachers and classmates.

#### How will my child connect to Wi-Fi at school?

• All Chromebooks will automatically connect to our secure school network when on site.

#### Why are you recommending we purchase a device?

• The Chromebook supports independent learning, creativity, and digital fluency—skills that are vital for success in both school and future careers.

#### Will there still be access to other IT resources in school?

 Yes. Strand-specific high-spec equipment will still be available in specific classrooms and creative studios.

#### Will my child use the Chromebook in every lesson and during breaks?

• The device will be used in many lessons, but not all. Usage at break/lunch is permitted for school-related activities only, following our IT policy.

#### What if my child leaves the school?

• The device belongs to you. On the rare occasions where a student leaves early, you may either keep the device or, depending on the payment stage, return it—please refer to the scheme's terms.

#### Can the device be used at home too?

• Yes. Students are encouraged to use the Chromebook at home for homework.

# Does the school profit from this scheme?

• No. The scheme is managed by a third-party provider and the school receives no financial gain.

# Is there a limit to insurance claims for repairs or theft?

• Yes, there is a limit. Full details will be shared in the scheme's insurance policy document.

# Is there an excess for repair or replacement claims?

• There may be a small excess, depending on the nature of the claim. Full terms will be provided via our partner's site.
